Self-adhesive collar can be placed where screw mounting is not possible.
Suitable for FLEXIMARK® LMB and TMB labels and Trasp™ Characters.
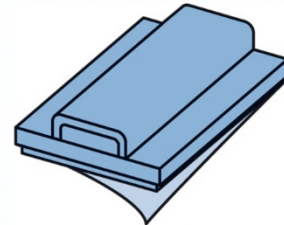

Technical data

Material:	PVC / ACR
Adhesive:	Acrylic based
Operating temperature:	-15°C to +70°C
Recommended storage:	21°C and 50% RH, <two years

Mounting:

For maximum adhesive, leave label in place for at least 24h.

Other product data:

ETIM Classification:	EC001288
Fire classification:	UL-94 V0

Advantages:

Together with tag labels and LMB labels, this becomes a reliable labelling solution. The component collar is self-adhesive with an effective scratch protection, which means that the marking can withstand most environmental stresses.
